DETAILED ACTION

Examiner has failed to identify in the Final Rejection mailed May 3, 2006, the 112 issue with the previously filed claims, and apologizes. Therefore, this action is Non-Final.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 17-19 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 17, lines 15-16 are unclear. It is unclear to claim that the drive shafts are arranged to the front and rear of the differential mechanism as this wording requires both drive shafts to have this orientation which is not accurate. Examiner suggests language that clearly specifies that one of the drive shafts extends from in front of the differential to a respective wheel and the other of the drive shafts extends from the rear of the differential to the other wheel.

Allowable Subject Matter

Claims 1-8 and 14-16 are allowed.

Claims 17-19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. GB 1240506, FR 2680733.
